15.10.2018

Dear Parents,

After the success of last year's residential visit to Eskdale, we are delighted to be able to offer this opportunity for a second year to our Y6 children.

Many of you will have seen the Facebook and newsletter items showcasing the activities completed by last year's children. To enhance the experience further, the school and FOSJA (Friends Of St.James' Association) are looking to subsidise the visit so that the children can stay away for an extra night. This will allow the children to complete a second full day of outdoor adventure activities.

**This year's trip is provisionally booked for July 8th, 9th, 10th, 11th (3 night stay)**

At this early stage, we predict the activities will include:

Survival skills, Gorge Scrambling , Camp Fire, archery, rock Climbing, abseiling, mountain walk and our very own Bush-Tucker trial!

This proved to be a hugely enjoyable trip for all children, including the nervous ones. This really shouldn't be a barrier, as it's important for children to overcome these hurdles ahead of their secondary school education, with staff who know them very well.

At the moment we have been able to subsidise the trip by approximately £74 per child, leaving a total fee of £180 for families. We feel this represents great value, although we appreciate this is still a large sum of money. As with any trip, payments will be made online as and when families feel in a position to do so. We strongly recommend a monthly payment to avoid last minute financial pressure.

We will provide payment schedules to parents in due course. To secure your place, please return the following reply slip indicating your decision. We will request a deposit in November.

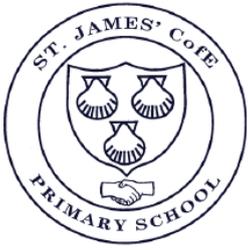

.....

I wish for my child \_\_\_\_\_ to attend the residential visit to Eskdale. I agree to a commitment of £180, to be paid prior to departure in-line with the school's payment plan.

Signed : \_\_\_\_\_

Name: \_\_\_\_\_
